Easter in 1909
comes April 11th

MICHELL'S

July and August
1908

Wholesale Catalogue of Bulbs

Photograph taken April 10th, 1908, of a house containing 3000 Michell's Formosa Lilium Longiflorum, grown by Emil Leiker, Lansdowne, Pa. Every bulb produced a saleable plant. (Bulbs supplied by us)

THE NEW EASTER LILY — FORMOSA LONGIFLORUM

A decided improvement over any previous type of Japanese Easter Lily. It has proven to be free from disease. During the past season we imported a limited quantity of these bulbs as an experiment, and distributed them among some of the largest Lily growers. They were all very well pleased with them.

The height of this Lily, with average culture, is a little taller than the Multiflorum, (about 3 feet). The foliage is of an exceptionally fine green and well shaped.

These bulbs are ready earlier than the Japanese Lily, as they ripen considerably earlier, in fact, earlier than do the

Harrisii. Their season for blooming in "Formosa" is in the month of February, which allows them to be in excellent shape for shipment to arrive here by about August 20th.

We cannot urge the Lily-growers too strongly to grow these, as they will give the best of results. There are a number of Lillies of this class on the market, but there is only one genuine stock, and only a limited amount can be had this year.

	Doz.	100	1000

Order Bulbs Early

EASTER SUNDAY IN 1909 IS APRIL 11th.

The prices quoted in this catalogue are as near correct as we can quote at present. It will pay every florist to engage his bulb wants early for several reasons, viz.: You are protected against a possible advance in price, while on the other hand, should prices be lower in our next wholesale bulb catalogue (issued in September) we will give you the benefit of any lower prices. Our prices include Duty, Custom House expenses, Ocean Freight, and Packing. All bulbs are examined on arrival in this country so as to insure our customers getting only first-class matured stock.

Michell's Superb Harisii Lily Bulbs

Our Easter Lily bulbs are known far and wide as the best to be had anywhere at any price. Each year sees our importations increase in great proportions. We make a specialty of them and, on account of the enormous quantity we import, we are in a position to get the cream of selection. All Lily bulbs are fully matured, healthy and up to size, in fact we aim to give the largest possible value for the money.

EASTER SUNDAY IN 1909 COMES
ON APRIL 11th.

Cultural Note on Harrisii.—In order to obtain best results from *Lilium Harrisii* attention to the following brief directions will assist materially: Upon receiving the bulbs, pot them immediately. Place a handful of well-rotted cow manure in the bottom of the pot and place the bulb directly on top, covering it with soil. After watering, place pot in an outside pit and protect from the direct rays of the sun; cover well with soil, ashes or suitable litter. When the bulbs have become thoroughly rooted, bring inside, in a temperature of about 60 degrees; let the plants grow slowly under a bench or some other suitable place until about 6 inches high; then place on top of the bench. About two months before Easter they can be brought into a warmer temperature and gradually forced into flower and height at one time. An occasional application of liquid cow manure, starting about six weeks before flowering time, will stimulate the plant wonderfully. Thorough rooting is the most essential point.

A Cluster of Michell's Special Brand *Lilium Harrisii*

MICHELL'S SPECIAL BRAND LILIUM HARRISII

By special brand we mean lilies that have been grown, harvested, and packed especially for us. They are the cream of the Bermuda Lily crop, being a selection of the most uniform bulbs gathered in districts where the smallest amount, (if any,) disease exists. Every year the florists are making greater demands for this particular strain and we advise all to order early.

COLD STORAGE EASTER LILIES

These are forced now with great success everywhere. They can be brought into flower in 12 weeks and give uniformly good results.

CULTURAL METHOD FOR COLD STORAGE LILIES

When received, unpack and pot them immediately, as you would other lilies, put them in as warm a house as possible, under a bench until fairly rooted; do not check them at any period of their growth, and give them an occasional application of liquid manure. Sold in original cases only.

	Bulbs	per case	Per 1000
Cold Storage Lilium Giganteum			
6 to 8 inches	300	\$ 60 00	
7 to 9 inches	250	85 00	
8 to 10 inches	200	110 00	

Sold in original case lots only at 1000 rates.

Note—When shipped otherwise than by express, cold storage lilies travel at purchaser's risk of safe arrival.

See offer of **LILIUM HARRISII**
on opposite page.

The Great Fertilizer "Plant-Blood"

PLANT-BLOOD was invented to fill the need for a fertilizer for potted plants and garden vegetation that would be absolutely safe and sure. Repeated experiments, persistent application, and scientific research have at last produced in **PLANT-BLOOD** just what householders, gardeners and florists have always demanded and hitherto failed to obtain.

This remarkable "vitalizer" acts directly on the plant sap, instilling new life, imparting rich coloring to leaves and blossoms, and wonderfully quickening the growth of the plant. Its fertilizing effect is enormously superior to any other plant food, as attested by results from users all over the country.

PLANT-BLOOD is "clean" and "odorless." Not a particle of stock-yard refuse or animal matter is used in its manufacture. **IT IS EASILY APPLIED.** The directions are exceedingly simple.

Prices, 15c. per trial package, 12 lbs. \$1.00, \$1.50 per 25 lbs., 50 lbs. \$2.75, \$5.00 per 100 lbs., 500 lbs. \$20.00, \$37.50 per 1000 lbs. Price on the latter two quantities is f. o. b. factory.

-------	------	------	-------

White Calla Lily.

CALLA LILIES (Azore or Japanese Grown)

(Ready in August.)

These are now in great demand here, on account of being free from disease or dry rot. The bulbs are somewhat smaller than the California grown, but a 6-inch bulb of the Japanese Grown Calla will produce as many flowers as the 7½-inch bulb of California-grown stock.

The foliage and flowers are identical with the regular type, but the results will be found superior. We have handled them for two years, and everyone who has grown them is highly pleased with them.

	Doz.	100	1000
First Size, 6 to 7½ in. cir...	\$1 40	\$10 00	\$95 00

FREESIA PURITY (Fischer's Own Growing)

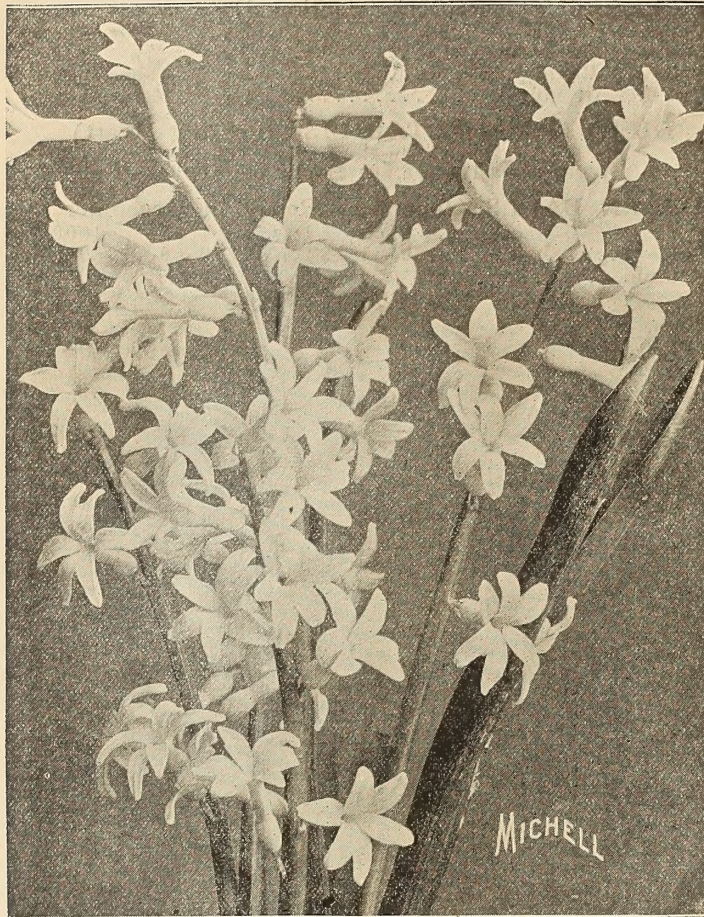

This variety exceeds by far any Freesia ever offered; it is of a Snowy Glistening white color, borne on stout, wiry stems, two feet in length; it is said by those who have seen it that a bunch cut and placed in water will give the same effect as roses or carnations, so gigantic are the blooms. Besides the main stalk, it throws out a number of side shoots well covered with buds.

MICHELL'S SINGLE EARLY TULIPS

Tulips make a more handsome and lasting show than any other bulb which can be purchased at the same price. Many handsome designs and effects are obtained from their use. All tulips offered by us are first size bulbs and will be sure to flower. Varieties marked (*) are adopted for forcing as well as bedding. The figures in front of varieties indicate the approximate height in inches by which one can be guided when bedding various sorts together.

Yellow, in all shades	15	90	8 00

6 Bulbs of any one variety at dozen rates; 25 at 100 rates; 250 at 1000 rates.

MICHELL'S EARLY DOUBLE TULIPS

Double Tulips are used very extensively for forcing but are equally valuable for bedding purposes. They remain in flower longer than do the single sorts, although they do not make quite as fine a show. They should not be planted in beds with single tulips as they do not bloom as early. The number prefixed before the variety denotes the approximate height.

10 Coronne d'Or. A handsome rich yellow variety; grand forcer	Doz. 100	1000
	.40	2.60 23.50
7 Duc Van Thol. Red with a yellow border; suitable for bedding or late forcing only, when it does well in pans..	.12	.75 7.00
9 Duke of York. Red with white border; for bedding only...	.15	.95 8.75
9 Gloria Solis. Bright scarlet with deep yellow border; excellent for bedding or forcing	.20	1.35 12.50
9 Imperator Rubrorum. Brilliant scarlet; especially adapted to forcing while it makes a handsome effect when used for bedding	.40	2.50 24.00
8 La Candeur. Very large, pure white; for forcing or bedding	.20	1.25 11.75
8 Le Blazon. Bright pink; for bedding only	.25	1.35 12.50
7 Murillo. A very large pink sort, suffused with white; one of the best forcers	.30	2.00 18.50
8 Paeony Red. Very dark scarlet blooms very late and is a good companion to Yellow Rose; it will not force.	.25	1.25 11.00
8 Rex Rubrorum. Deep scarlet; for forcing or bedding..	.25	1.75 15.75
8 Rose Blanche. Pure white; suitable for bedding or forcing	.15	.95 8.50
8 Salvator Rosa. An improvement on Murillo, which it very much resembles.	.45	3.00 28.00

Double Tulip—Tournesol (Red and Yellow.)

8 Toreador (New). A handsome rich orange; it should be included in every collection of forcing tulips, as it is a grand variety	Doz. 100	1000
	1.00	7.50 67.50
8 Tournesol. Red and yellow; for forcing and bedding....	.30	1.65 15.50
8 Tournesol. Pure deep yellow; forces readily and is most desirable for cutting or pan culture	.35	2.10 19.00
8 Titian. Red with a yellow border; good for bedding, but not for early forcing....	.25	1.60 15.00
9 Yellow Rose. Blooms quite late outdoors and should not be planted with any other sort but Paeony Red; it also will not force	.15	.85 7.00

Double Unnamed Tulips (Separate Colors)

These are very valuable for solid color bedding. They will not force, so must not be planted for that purpose.

	Doz.	100	1000
Pink, in all shades	\$0 20	\$1 10	\$ 9 00
Red, in all shades	20	1 10	10 00
White, in all shades	20	1 10	9 00
Yellow, in all shades	20	1 10	9 00

Michell's Early Double Mixed Tulips

	Doz.	100	1000
Fine Quality	\$0 12	\$0 75	\$6 50
Superfine Quality	15	90	8 00

Double Tulip—Coronne d'Or.

6 Bulbs of any one variety at dozen rates; 25 at 100 rates; 250 at 1000 rates.

Single Late Tulip Bizarres.

MICHELL'S LATE OR MAY FLOWERING TULIPS (Ready in September)

Can be planted in any ordinary good ground, in an out-of-the-way place; sunlight is all they require. When brought into market they will command at times a higher price than the forcing sorts on account of their very long stem and invariable gigantic flower.

NOTE.—These tulips are not suitable for forcing. The varieties are all single except where noted, and bloom in May.

- Blue Flag.** (Double.) A very pretty shade of violet blue. 35c. per doz., per 100 \$2.00, \$16.50 per 1000.
- Bouton d'Or.** (Golden Beauty.) Color, a beautiful golden yellow. 20c. per doz., per 100 \$1.10, \$9.00 per 1000.
- Gesneriana Spathulata.** A brilliant scarlet, with blue-black centre. 20c. per doz., per 100 \$1.25, \$11.00 per 1000.
- Gesneriana Rosea.** Rich, brilliant pink. 20c. per doz., per 100 \$1.20, \$11.00 per 1000.
- Golden Crown.** Pure yellow color, with a narrow border of red. 15c. per doz., per 100 80c., \$6.50 per 1000.
- Greigii.** Brilliant orange with centre of yellow and black. 10c. each, per doz. \$1.00, \$7.00 per 100.
- Picotee.** (Maiden's Blush.) White with a distinct rosy border. 25c. per doz., per 100 \$1.25, \$11.00 per 1000.
- Rosalind.** Bright cherry pink, pure white at base. 25c. per doz., per 100 \$1.75, \$15.00 per 1000.
- Shandon Bells, or Blushing Bride.** Carmine, red or pink, shaded creamy white. 25c. per doz., per 100 \$1.50, \$12.50 per 1000.

LATE TULIPS IN MIXTURES

- Bizarres.** A combination of colors, principally yellow ground with markings and stripings of red, white and orange. 15c. per doz., per 100 85c., \$7.00 per 1000.
- Bybloemen.** A wide range of combinations of white, scarlet, pink, scarlet and crimson. 15c. per doz., per 100 \$1.00, \$8.00 per 1000.

SPIREA (Astilbe)

(Ready in November.)

This is a favorite Easter flowering plant rivaling with the lily. We procure stock from first hands and florists may depend on getting extra choice clumps with plenty of flowering eyes.

Gladstone. Large clumps: \$1.00 per doz., per 100 \$6.50, \$60.00 per 1000. **Monster clumps:** \$1.50 per doz., per 100 \$8.00, \$75.00 per 1000.

Astilboides Floribunda. 70c. per doz., per 100 \$4.25, \$37.50 per 1000.

Compacta Multiflora. Of dwarf habit, very compact growth; pure white. 75c. per doz., per 100 \$4.25, \$37.50 per 1000.

Japonica. 70c. per doz., per 100 \$4.00, \$35.00 per 1000.

Queen Alexandra (New). A beautiful shade of pink. The only satisfactory pink forcing Spirea on the market. Large clumps, suitable for 7 and 8 in. poles, \$3.75 per doz., 25 for \$7.00, \$25.00 per 100.

Washington. Large clumps; 85c. per doz., per 100 \$5.50, \$50.00 per 1000.

SNOWDROPS (Ready in September)

SCILLA SIBERICA (Squills)

(Ready in September.)

We import large bulbs only, 15c. per doz., per 100 75c., \$5.75 per 1000.

SPARAXIS (Ready in September)

Mixed Colors, 10c. per doz., per 100 40c., \$3.00 per 1000.

WATSONIA (Ready in November)

	Doz.	100	1000
Ardernei. Pure white flowers	\$1 50	\$10 00	\$90 00

PARROT OR DRAGON TULIPS

On account of their peculiar markings and shadings, these are much in demand. They are curiously curled and crested, and are fine for bedding and border planting. We offer first size bulbs only in Parrot Tulips, as second size rarely bloom the first year.

Constantinople. Orange scarlet, with black markings in centre. 25c. per doz., per 100 \$1.25, \$10.00 per 1000.

Cramoise Brilliant. Deep carmine; star-shaped centre. 25c. per doz., per 100 \$1.25, \$10.00 per 1000.

Gloriosa. A very showy orange and red sort. 25c. per doz., per 100 \$1.25, \$10.00 per 1000.

Lutea Major. Very large, bright yellow. 25c. per doz., per 100 \$1.25, \$10.00 per 1000.

Mixed in all colors. This mixture is carefully blended and contains only the choicest sorts. 15c. per doz., per 100 85c., \$7.00 per 1000.

Michell's Giant Exhibition Pansies

A few facts about Michell's Giant Exhibition Pansy Seed.

Wilmington, Cal.

I take this opportunity of telling you of my success with your Giant Exhibition strain of Pansies. I have grown many strains of pansies, but in all I have ever handled none excelled Michell's Giant Exhibition. The variety of color, the beauty and texture are marvelous. I had over 5000 plants from $\frac{1}{2}$ oz. of seed.

C. A. BRAZEE.

Limeport, Pa.

I have a lot of Pansy plants from Michell's Giant Exhibition strain of seeds; they are the finest lot I ever had.

R. C. KING.

College Hill,
Cincinnati, Ohio.

Send me at once the following Pansy Seed, viz.

Last season I grew some of another firm's strain and paid \$10 per oz. for the seed, but yours, Michell's Giant Exhibition, Pansy, was far superior, at \$5 per oz.

GEO. CORBETT.

PANSIES IN MIXTURE

1595 **Michell's Giant Exhibition.** A Giant Strain which we have secured from the leading Pansy Specialists, in Germany, England and France. For size of bloom, heavy texture and varied shades and colors, with their distinct markings, this strain cannot be excelled.

50c. per Trade Pkt.; $\frac{1}{8}$ oz., 75c.; \$5.00 per oz.

1608 **Triumph of the Giants (Mette).** A robust grower, producing on long stems, flowers of immense size, and of unusual substance; the petals being very broad and overlapping each other, make the flowers appear almost double; many beautiful, rich and rare shades.

60c. per $\frac{1}{2}$ trade pkt.; trade pkt., \$1.00; \$2.25 per $\frac{1}{4}$ oz.; per oz., \$8.00.

1597 Bugnot, Odier and Cassier. Superb mixt.	\$0	50	\$5	00
1599 Giant Trimardeau. Very large flowering	30	1	25	
1600 Mad Perret. A new strain; profuse bloomer; fragrant, of many fine shades of color, and especially rich in red shades	50	2	50	
1601 Masterpiece. New Giant, curled	50	4	00	
1603 Non Plus Ultra. Giant blotched varieties	50	4	00	
1605 Odier or Blotched. A beautiful strain	50	3	00	
1607 Parisian, Large Stained. Large flowering	40	2	50	
1609 Finest English. Large flowering	25		75	
1611 Very Fine Mixed	15		50	

See next page for Pansies in separate colors.

Michell's Celebrated Grass Seed Mixtures

Ask for special price in large quantities.

Nowhere in Philadelphia is the amount of Grass Seed handled by us equaled. Quality has always been our precept. Our prices will be found exceedingly low. We aim to supply only pure, clean grasses strictly free from chaff or adulterations. Grass Seed is one of our specialties, and on account of our enormous sales, we can offer it at attractive prices.

The above dowels dyed green, 10c. per 100 or 50c. per 1000 additional.

BLAKE'S STAKE CLIPS.

Used for fastening cross-wires to galvanized stakes. A man can fasten 100 stakes to wire with these while he fastens 25 with string.

Price, 500 for 80c., \$1.40 per 1000, 5000 for \$6.50.

CORTS STAKE FASTENER.

Very similar to the Blake Clip, excepting that this is made of heavy galvanized wire, and is larger.

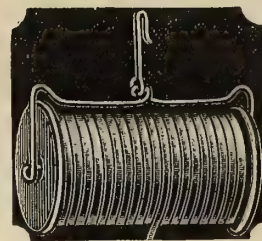

Heavy, \$1.60 for 500; 1000, \$3.00

Light, .85 for 500; 1000, 1.50

**Corts Fastener.****RAFFIATAPE.****The Great New Tying Material.**

This article is made of a composition of paper and linen, and is tremendously strong. It is about ¼ inch broad, and is put up in 250-yard spools or reels. There is no waste, as the reel is fitted with a small hook, which permits it to be hung from a button-hole, and it can thus be drawn off exactly as needed. Color, Nile green.

Per reel of 250 yards, 65c.; 6 reels, \$3.75; \$7.00 for 12 reels.

LEGGETT

PARIS GREEN GUNS.

The Champion. For distributing insecticides, Paris green, etc. Will do the work more evenly and better than any other. Two rows of plants may be dusted at one time. (See cut.) Price, \$7.00.

The Brownie. Made by Leggett also. Has but one tube for dusting; a very efficient machine. Price, \$3.75.

NEW CROP PANSY SEED

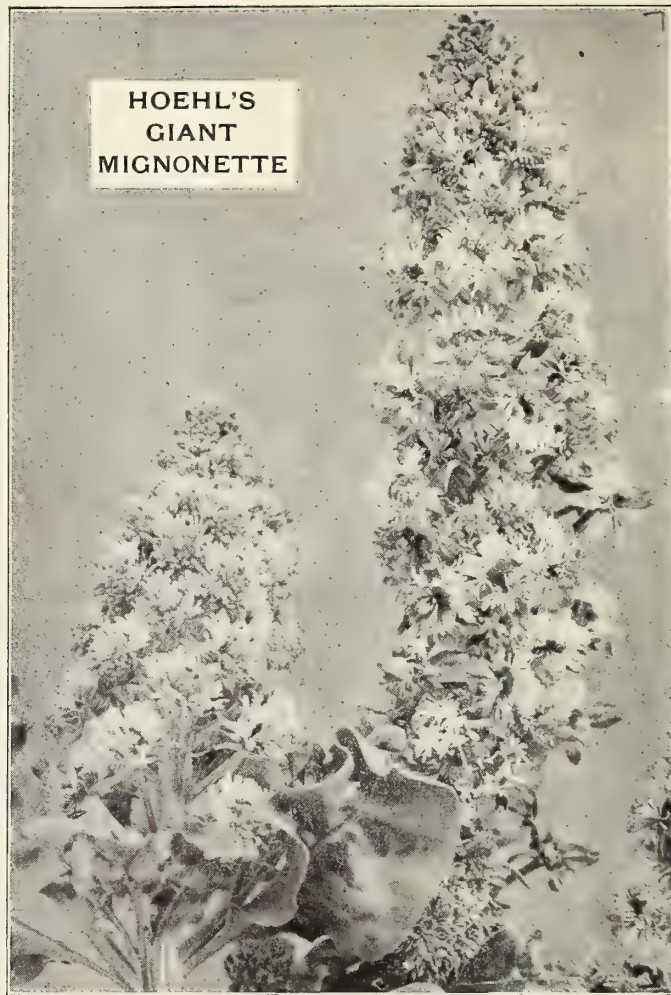

Michell's Giant Exhibition Pansies

A Giant Strain which we have procured from the leading Pansy specialists in Germany England and France. For size of bloom, heavy texture, varied shades and colors, with their distinct markings, this strain cannot be excelled.

Price, 50c. per trade pkt.; $\frac{1}{8}$ oz., 75c.; \$5.00 per oz.

HOEHL'S GIANT MIGNONETTE

This grand new variety is a great improvement over any sort heretofore offered, especially for forcing purposes. A strong, robust grower, producing a great number of spikes, which are of immense size and very uniform. Every florist should be sure to try this new variety.

Price, 50 cents per trade packet; per $\frac{1}{8}$ ounce, \$1.00; \$6.00 per ounce.

SEEDS, BULBS, PLANTS

1018 Market St.

Philadelphia

TO-BAK-INE LIQUID

**A Concentrated Solution of Pure Nicotine, for
SPRAYING or VAPORIZING. Free from Ammonia**

Cost of Spraying—To kill Green and Black Fly, Thrip, Aphis, etc., it requires only one to two teaspoonfuls, and for Red Spider and Mealy Bug three to four teaspoonfuls to a gallon of water, making the cost only 1½ to 6 cents per gallon.

For Fumigating—This liquid may be vaporized by placing the required quantity (one ounce is sufficient for 2,000 to 6,000 cubic feet) in a shallow pan and heating by means of an alcohol lamp or otherwise. It can also be vaporized on your steam pipes by applying with a soft paint brush, using the quantity as above.

¼ pint can, - - - 60c.
½ pint can, - - - \$1.10

1 pint can, - - - \$ 2.00
1 gallon can, - - - 15.00

HENRY F. MICHELL CO., 1018 Market St., PHILADELPHIA, PA.

Just as Good ? ? ?

When you only want to punish your cunning little aphis, use the kind of Tobacco Dust that we tell you is "just as good" as Stoothoff's Fumigating Kind Tobacco Powder.

When you want to kill 'em DEAD, gosh dang 'em, ask us for Stoothoff's Fumigating Kind Tobacco Powder, *the* genuine one with the guarantee tag on the bag. We have both kinds.
